

### SM-017004B SureStep Tip

*This home health aid provides users with a pool of soft light at the base of their cane, and makes walking at night or in low light conditions much safer.*

#### **Product Features:**

- High quality, water proof base
- Automatic light sensor triggers at 10 lux, or twilight conditions
- Cane automatically powers off when not in use
- Tip is lighted by four energy-efficient LED bulbs
- Designed to fit most standard 7/8" walking canes
- Wider base allows cane to stand by itself
- Easy installation, no tools needed
- Battery compartment opens easily with coin for replacement

#### **Product Specifications:**
